

TRAINING COURSE

(SECURITY INDUSTRY SECTOR)

Door Security Procedures – Q.Q.I. Level 4 (4N1114)

Course Description

This Training Course provides the Candidate with the knowledge, skills and competency to work effectively and safely as a Door Security Supervisor within the Guarding Services Sector of the Irish Security Industry, performing practical Security Duties and Procedures as well as responding to Security situations in a wide variety of settings.

Course Duration

Due to recent developments FETAC has integrated with HETAC, NQAI and IUQB forming a New Qualification Body - Quality & Qualification Ireland (QQI) resulting in significant changes in this Training Module. Therefore, the duration of this course has been altered to reflect the New Training Specifications to be implemented, and the course duration is now a minimum of 100 hours: 30 hours direct contact classroom time and up to 70 hours self-directed learning. Phoenix "Minerva" Ltd. uses a blended approach to delivering this 100 hour course. Learners must conduct a home study element of the course prior to attending training program which covers the more theoretical aspects of the program. The more practical aspects and skills learning developed during direct contact. At the end of the Course applicants are assisted with their PSA Licence Application.
